Washington and Lee University
and the University of North Carolina
will meet at 2 o'clock this afternoon
on the Casino gridiron in their third
annual football game. The players
of both elevens are in fine fettle and
present indications are that this will
be the best gridiron battle ever pulled
off on the Virginia Peninsula. Last
night both sides were confident of
victory and every man of the two
squads was eager for the fray.

Although North Carolina appears to
be a slight favorite in the betting
here, there seems to be little to
choose between the teams. So far
as weight is concerned they are evenly
matched, each averaging about 170
pounds. The Lexington boys are a
determined lot and they feel confident
of winning the game. The Tarheels
are doing little talking, but they can
be depended upon to give a good ac-
count of themselves in the game.

Lexington Boys Arrive.
Accompanied by Head Coach Pfeiffer,
the Washington and Lee squad of
twenty-five men arrived here yester-
day morning from Lexington and
immediately went to the Warwick
Hotel. Later the players were taken
on an automobile spin around the city
and down to Hampton, the National
Soldiers' Home and Fort Monroe.

Late in the afternoon the Lexington
team went through light signal prac-
tice on the Casino and the team
made a very favorable impression on
the small crowd of enthusiasts that
gathered to watch the team. The
men practiced with dash and vim and
the formations went off with clock-
like regularity.

Tarheels Thirty Strong.
Thirty strong, the North Carolina
squad, with Assistant Coach Moore
at the head, arrived here from Nor-
folk on the Old Dominion steamer at
9:15 o'clock last night and was met
by the football committee and escorted
to the Warwick Hotel. The play-
ers of the two teams mingled togeth-
er in the hotel lobby for half an hour.

but the coaches rushed the men off
to bed at 10 o'clock for a good night's
rest before the game.

Coach Pfeiffer, of Washington and
Lee, said last night that his team is
confident of victory today. He de-
clares that the team is in excellent
shape and with Captain Isard and
Harwood, the two stars in the game,
the team should make the best show-
ing of the season.

Porter, the fullback of the North
Carolina team, is well known to local
enthusiasts. He played with the Wil-
liam and Mary College team last
season and made a sensational run
of 85 yards for a touchdown here last
Thanksgiving Day in the game be-
tween William and Mary and Hamp-
den-Sidney. Porter has gained much
weight since that time and is one of the
hustiest men on the Carolina team.
He is the heaviest man in the back-
field of the team and is said to have
developed into a fine line plunger and
a good defensive player.

Big Crowd Expected.
Present indications are that the at-
tendance today will be the largest
ever seen at a football game here.
Interest in the game ran high last
night and the advance sale of seats
has been heavy.

A large crowd of North Carolina
rooters, headed by the North Caro-
lina Alumni Association of Norfolk,
will come over this morning for the
game. A number of Washington and
Lee students also will arrive this
morning for the game.

The committee of the Merchants'
Association has engaged a brass
band for today and a parade will be
held before the game. The band will
march around the field during the in-
termission between the halves. The
teams will be taken to the
field in automobiles and will
arrive about 1:30 o'clock so
that they can have light practice be-
fore time is called.

President Denny Coming.

President George H. Denny, of
Washington and Lee University, will
arrive here this morning to see the
game, a message to that effect having
been received last night. Dr. Denny
is an ardent football enthusiast and
his presence on the field will lend
encouragement to the Lexington boys.
Arrangements have been made for
telegraphing the account of the game
as it is played to both Lexington and
Chapel Hill, N. C., to the student
bodies of the two universities. Two
wires will be installed at the Casino
and the operators will telegraph each
play as it is made.

After the game, the North Carolina
squad will go to Norfolk, where to-
night the North Carolina Alumni As-
sociation will give a banquet in honor
of the players. The Washington and
Lee team will remain here tonight
and will leave for Lexington tomor-
row morning.

LOCAL ELEVEN PLAYS PHOEBUS TEAM TO TIE

St. Vincent's Juniors Fight Hard
Against Odds on Casino
Gridiron.

In one of the scrappiest and hard-
est fought games of the season here,
the St. Vincent's Juniors and the
eleven of Phoebus played to a no-
score draw on the Casino gridiron yester-
day afternoon. Several hundred
enthusiasts, witnessed the game and
many of them remained to see the
practice of the Washington and Lee
eleven which followed the game.

The victors appeared to outweigh
the locals and the Juniors put up
a game battle against heavy odds. The
goals were threatened several times
during the game, but neither side was
able to score.

STEVENS AND POST HAVE CONFERENCE

President of C. & O. and Gen-
eral Manager of Shipyard in
Consultation.

President George W. Stevens, of
the Chesapeake & Ohio Railway Com-
pany, and General Manager Walter
A. Post, of the local shipyard, held
a conference here yesterday morning
before the railway president made an
inspection of the shipbuilding plant.
It was reported that the two officials
were consulting about the steel plant
and the steamship line to
South America, of which President
Stevens spoke of at the annual ban-
quet of the Chamber of Commerce
Thursday night, but Mr. Post said
last night that there was no particu-
lar significance to his meeting with
Mr. Stevens and that nothing of pub-
lic interest was discussed.

Before leaving for Richmond yester-
day on his private train, President
Stevens, in company with Superin-
tendent of Terminals E. I. Ford and
Superintendent of Floating Property
W. N. Cooksey, made a tour of in-
spection of the city in Mr. Ford's au-
tomobile. Although he has visited
here frequently, this was the first
time Mr. Stevens had really "inspec-
ted" the city, and he expressed him-
self as surprised by the number of
paved streets here and the size of
the city.

LAUNCH ANOTHER NEW STEAMER AT SHIPYARD

Vessel Building for the Pacific Coast
Trade Goes Overboard on No-
vember 27.

Announcement is made that the
new freight and passenger steamer
Beaver will be launched at the plant
of the Newport News Shipbuilding
& Dry Dock Company on Saturday,
November 27. The vessel will be sent
down the ways about 9:30 o'clock,
high water occurring at that time.

The Beaver is building for the San
Francisco and Portland Steamship
Company and is a sister ship of the
Bear, which was put overboard last
month. The keel for the vessel was
laid in July and she will be com-
pleted early next year. She is 368 feet
long overall and will have a cargo
carrying capacity of about 4,000 tons.
This will be the sixth big ship
launched at the yard this year. The
battleship Delaware was the first to
go overboard. The others launched
are the torpedo boat destroyers Roe
and Terry, the big freight and pas-
senger steamer Wilhelmina and the
steamer Bear.

The sponsor for the Beaver has not
yet been named.
